

FLUX International Ltd 2008 - Achievements

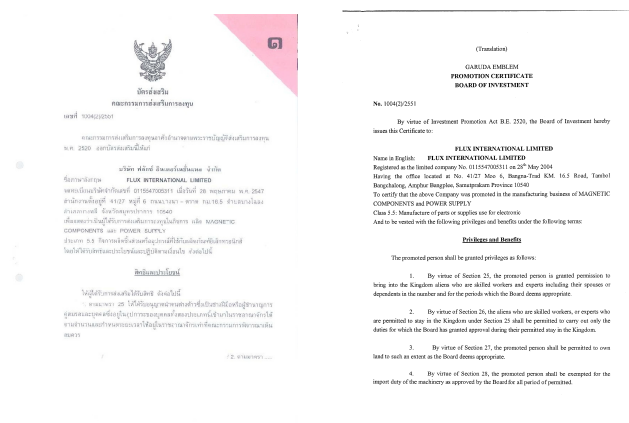

Bangkok, Thailand November 2008

Several very positive – and General Company related initiatives have been launched in the company 2008 – and now achieved:

1. **BOI application**
2. **Formal and written Safety Plan**
3. **ISO 9001** (Certificate will be issued)

Related to issue 1):

Being a Board Of Investment company – is an acknowledgement from Thailand, which offer several privileges – related to the company’s activity in the country.

Related to issue 2):

FLUX-group have since the early start in Thailand set up the premises, that we will manage and treat our company and employees in Bangkok – at least in the same positive environmental and moral conditions - as we do in Denmark.

Flux International Ltd. management has on its own initiated - and during 2008 achieved a safety award, where our site has been audited up to the written Governmental Standard. Not many companies are taking into account to Work with and secure, that the company has focussed on the safety for both employees as well as for the company itself. (Securing our self against risks of different kind)

Related to issue 3):

ISO9001 is a Formal quality system – which includes R&D activities.
