

Strengthening of Flux A/S Management

Asnaes, Denmark March 2007

After three years of significant progress – Flux A/S, Asnaes Denmark has now strengthened the organization by employing Ebbe Benn Hansen as Managing Director

Ebbe Benn Hansen takes over this position after the founder and owner Niels Overgaard Christensen who wants to concentrate his efforts on Sales, Products and Business Development.

Flux A/S develops, manufactures and markets inductive components for Industrial, Space and Aerospace applications. After buying up Emtech Power A/S two years ago Flux A/S also wants to focus on developing the market segment for Switch Mode Power Supplies.

Flux A/S - which in 2005 was awarded with the Initiative Prize for western Zealand Denmark from the Confederation of Danish Industries (DI) - employs around 250 persons, about 60 work in Asnaes, Denmark and almost 200 in Bangkok, Thailand.

Ebbe Benn Hansen has during the past 13 years been director for Dansensor A/S - which makes part of the PBI Group.

The ownership of Flux A/S has not changed. Niels Overgaard Christensen remains the sole owner of the company.
