EUROPE

International Conference and Exhibition
for Power Electronics, Intelligent Motion,
Renewable Energy and Energy Management

Meet us at PCIM 2012 in Nürnberg

Denmark, April 2012

Meet FLUX at the PCIM Europe exhibition in Nürnberg, Germany - May 8th to 10th, 2012.

FLUX will exhibit at the PCIM 2012 as an occasion to meet our current customers in Europe, but also as an opportunity to get in dialogue with other companies who are looking for a long term partner for magnetics and power electronics solutions.

FLUX is a global supplier of customised magnetics and power electronics for demanding industrial applications and for space, aerospace, defence, telecom, energy, medical and transportation sectors.

Our R&D and engineering departments in Denmark and Thailand employ more than 25 skilled engineers for developing and industrialising the right magnetics or power electronics solutions for your application.

Visit the FLUX booth to learn more about how we may serve you with a wide range of competencies within

- Quality Management
- R&D
- Material Sourcing
- Manufacturing
- Product Qualification and Verification
- Logistics and Supply Chain Management

You will find FLUX's booth in Hall 12, Booth #651

We look forward to welcoming you at our booth at PCIM 2012 in Nürnberg
