

**PCIM**
EUROPE

International Conference and Exhibition
for Power Electronics, Intelligent Motion,
Renewable Energy and Energy Management

FLUX exhibit at the PCIM Europe in Nürnberg, Germany - May 8th to 10th, 2012.

FLUX have had three very successfully days in Nürnberg, with many interested visitors from companies looking for a partner with the right competencies.

FLUX would like to say thank to all, who visit our booth, and look forward to talk to you again.

FLUX´s booth shows that FLUX is a global supplier of customised magnetics and power electronics for demanding industrial applications and for space, aerospace, defence, telecom, energy, medical and transportation sectors.

Our R&D and engineering departments in Denmark and Thailand, which employ more than 25 skilled engineers, will for the next month work for the very exciting new requests FLUX received at the exhibition.

If you did not have the opportunity to visit us at the PCIM 2012, please feel free to send us an e-mail at we will send you our new company presentation brochure.

And if you should have an actual request for a new project, please send us your request and we will do our best to serve you with our wide range of competencies within

- Quality Management
- R&D
- Material Sourcing
- Manufacturing
- Product Qualification and Verification
- Logistics and Supply Chain Management

We look forward to hear from you.

Best regards:
