

## 2013 – New CEO of Flux A/S from November 1<sup>st</sup>

**Asnaes, Denmark November 2013**

We are pleased to introduce and welcome our new CEO of Flux A/S, Claus Schleiter.

Claus shall – together with our organisation in Denmark and Thailand – ensure the further development of the Flux Group.

Flux develops and manufactures customised inductive components and units for industrial electronics, space, aviation and defence electronics.

On behalf of the Board of Directors,  
Niels Overgaard Christensen

Claus Schleiter comes from a position as Vice President, head of sales, operations and business development at DELTA Danish Electronics, Light & Acoustics.

Claus Schleiter is 46 years old and holds an MSc in Engineering from the Technical University of Denmark and a Graduate Diploma in Business Administration from Copenhagen Business School.

Claus Schleiter, CEO
